## Monsters

By Katie Sky

I see your monsters, I see your pain.

Tell me your problems,

I'll chase them away.

I'll be your lighthouse.

I'll make it okay.

When I see your monsters

I'll stand there so brave,

and chase them all away.

In the dark we, we, we,

stand apart we, we,

never see that the things we need are staring right at us.

You just want to hide, hide, hide

never show your smile, smile.

Stand alone when you need someone

its the hardest thing of all

that you see are the bad, bad, bad memories

take your time, you'll find it.

I see your monsters,

I see your pain.

Tell me your problems,

I'll chase them away.

I'll be your lighthouse.

I'll make it okay.

When I see your monsters

I'll stand there so brave,

and chase them all away.

I'll chase them all away

You've got the chance to see the light,

even in the darkest night

And I will be here like you were for me,

so just let me in.

Cause... I see your monsters,

I see your pain.

Tell me your problems,

I'll chase them away.

I'll be your lighthouse.

I'll make it okay.

When I see your monsters

I'll stand there so brave,

I see your monsters,

I see your pain.

Tell me your problems,

I'll chase them away.

I'll be your lighthouse.

I'll make it okay.

When I see your monsters

I'll stand there so brave,

and chase them all away.

When I was little, I watched and read a lot of movies and books about heroes saving someone, and I've also dreamed of being a superhero, or someone who can be called a hero. Being a hero for me was being able to risk your own life for someone else, and getting praised by the civilians. It was also about getting to be on the news and being loved by everyone, but also being able to let go of someone very dear to you, for the safety of the civilians. Now that I've become older, I thought more about the term "hero" and how different it is now compared to my little self.

There is this song that I think grasped a definition of a hero, at least a hero in my opinion. Looking at this song and its lyrics, reminded me that being a hero isn't

Christine

about saving the city or defeating bad guys with my fists or special weapons. Being a hero is being able to stand up for someone when they are getting bullied or just staying beside someone when they feel lonely, it means that even when someone shows you their worst side, you are still willing to accept them and help them become better. One of the lyrics says "I see your monsters, I see your pain. Tell me your problems, I'll chase them away.". This lyric says that even though you are a monster, they will still accept you because they saw what happened to you and know why you are like this. I feel like a lot of people who go down a path of bullying actually are emotionally damaged, I feel like something happened to them to make them act like they are, and that the way they release their pain is to direct it to other people. I am not saying that it is okay to bully, it's just a lot of people walk down a darker path in life because, in their lives, they might've not been accepted by other people, and that we should try to improve on their behavior by not only punishing but trying to understand why they did it and find the root to their bullying problem.
